

## Copper & Optic Ltd REACH compliance statement

To whom it may concern.

European Union regulation (EC) 1907/2006 requires **Registration, Evaluation and Authorization of Chemicals (REACH)** manufactured and imported into the European Union. Copper & Optic Terminations Ltd is aware of REACH regulation and committed to comply with the legal obligations arising from said regulation as well as to assist its Customers in doing so.

From REACH point of view Copper & Optic Terminations Ltd is an article producer and downstream user of chemical substances i.e. it does not supply chemicals. Further, Copper & Optic Terminations is not obliged to register any of its products under Article 7 of REACH (registration of substances in articles)

We hereby certify that our products are fully compliant with the REACH regulation, with particular attention to Articles 33,57 and 59, and the products specified do not contain any of the SVHC (Substances of Very High Concern) above the threshold value of each REACH legislation.

In accordance with Article 67 of REACH we also declare that none of the said products contain any of the restricted substances listed in Annex XVII of REACH regulation.

Copper & Optic Terminations Ltd for its part requires that its Suppliers of Raw Materials guarantee that their products are or will be registered in accordance with REACH requirements and continue to inform us if their formulations should change.

We declare that to the best of our knowledge the information provided here is true and complete. We will keep our Customers posted of any relevant developments should something change in our product portfolio or in the related REACH legislation.

The above statement has been made after a review of the latest ECHA 209 SVHC Candidate list that can be found at <https://echa.europa.eu/candidate-list-table>
