

REACH & RoHS compliance statement

REACH Compliance

The European Union regulation (EC) 1907/2006, Registration, Evaluation, Authorization and Restriction of Chemicals (REACH), and the UK REACH Regulation (effective 01/01/2021) govern the use of chemicals in products manufactured, imported, and supplied within the EU and UK.

Copper & Optic Terminations Ltd confirms that:

- We are classified as an *article producer* under Article 3.
- We do not manufacture or import substances requiring registration under Article 7.
- To the best of our knowledge, our products do not contain Substances of Very High Concern (SVHCs) above the 0.1% threshold by article weight.
- We monitor the candidate list updates and will inform customers promptly if circumstances change.
- We require suppliers to maintain REACH compliance and confirm their own commitments.

RoHS Compliance

Directive **2011/65/EU (RoHS II)**, as amended by Directive **2015/863/EU (RoHS III)**, restricts the use of hazardous substances in electrical and electronic equipment.

Copper & Optic Terminations Ltd certifies that, to the best of our knowledge, our products are in full compliance with the requirements of the RoHS Directive, including all substances currently restricted under the legislation and any subsequent amendments published by the European Commission.

Ongoing Commitment

We declare that this information is accurate to the best of our knowledge at the time of issue. Copper & Optic Terminations Ltd is committed to ongoing monitoring of both REACH and RoHS legislation, and to informing customers of any relevant changes affecting our product portfolio.

Andrew Wardle

General Manager
